We put price first this time. We have said so much about quality that some have assumed that our prices were high. By no means. We make the assertions that our prices are as low as any, sometimes lower, and we always aim to give a little better quality where there is such. As an example: You pay 5 cts. for a vial Essence Lemon; we fill the same vial for 3 cts. and the flavor is twice as strong. We are willing to refund the difference in price if you can buy an article for less than we charge you. That's fair.
